**NATIONAL PROCESS SERVERS ASSOCIATION
LAUDS N.Y. DECISION**

*STATEMENT OF JEFF BANNISTER / President
National Association of Professional Process Servers (NAPPS)*

“The National Association of Professional Process Servers (NAPPS) wishes to extend its congratulations to the New York State Professional Process Servers Association (NYSPPSA) in its agreement with the New York City Department of Consumer Affairs to a 30-day extension before implementing the newly adopted process server rules and law for New York.

“NYSPPSA worked closely with the New York City Department of Consumer Affairs in coming to this agreement and we are pleased that the Department has also agreed to continue negotiations as both sides have a shared goal in providing quality services to the legal system and ultimately justice for those who engage that system.

“On behalf of NAPPS we, too, are pleased with the current ruling and with look forward to continued negotiations.

“We understand the challenges involved and appreciate the efforts in establishing this decision.

“Process servers perform a valuable service for the legal system, and we follow a strict code of ethics and professional conduct. Both NAPPS and NYSPPSA members ensure your right to due process in the legal system.”
